MAN WANTED HERE FOR PASSING BAD CHECKS ARRESTED

William M. Gorman Picked Up By Covington Officials Last Night Is Wanted Here for Passing Three Forged Checks.

Chief of Police Harry A. Ort was advised this morning by the police authorities of Covington, Ky., of the arrest there Monday night of William M. Gorman, wanted here since the first of February on a charge of forging three checks on a Mason county business man for \$65.

During the month of January, it is charged, Gorman issued three checks, one for \$45 and two for \$10 each, to which the name of Mr. Adrian Sult, prominent Sards business man and farmer, was signed. The checks were presented at a local bank and the money was issued on them. It was not until the first of February, when Mr. Sult had his bank book balanced and his cashed checks delivered to him that he knew of the forgeries. The matter was promptly reported to the police and an effort was made to locate Gorman. The young man had worked for Mr. Sult and he had been paid with checks by the Sards man, which gave him an opportunity to learn Mr. Sult's signature.

Gorman's family had moved during January from the Sards neighborhood to a farm near Aberdeen and an effort to locate him there was made but he was not at the home of his parents. Chief Ort then traced the young man to Cincinnati and informed the Cincinnati police and the police of the Kentucky suburbs that he wanted the man. Gorman is being held in Covington for the local officers and Chief Ort will go to that city for him either this afternoon or tomorrow morning to return him here for trial.

MASON COUNTY WILL PAY MORE IN INCOME TAXES

More Mason County People File Income Tax Returns and Many of the Returns Are Much Larger.

Although he was unable to give exact figures yet, Deputy Internal Revenue Collector W. P. Lindsay, stated this morning that it was his opinion that practically all of the income tax payers of Mason county were able to get their returns filed before the last day of grace yesterday. Mr. Lindsay stated that it was his opinion that there would be quite a number more pay income tax in Mason county this year than had paid last year and he was also of the opinion that many who paid last year had increased their tax come during the year so that, in all, the government will collect a much larger sum from Mason county this year than last.

Residents of the county were given ample warning through the local press and if one is left out and is required to pay the penalty, that one cannot blame either the local Deputy collector or the local press.

QUITE A RUSH OF TOBACCO MONDAY.

There was quite a little rush of tobacco to the Maysville market on Monday which means that the local warehouses will have fairly good sales for a couple of days. The local warehousemen are of the opinion that practically all of the tobacco has now been delivered and sold and that the next two weeks will be a drag. The market closes on Friday, March 26th, and all growers should be careful to get their entire crop delivered.

LAST OF OLD POOR HOUSE INMATES DIES.

Cynthia Stevenson, inmate of the Mason county infirmary, died last night at the institution at the age of 75 years. She is the last of the old inmates that were moved from the old Shannon Poor House in 1873 to the present Poor farm. She was a state charge and had been an inmate for 47 years. Burial will be made Wednesday morning at 10 o'clock in the infirmary cemetery.

CONTRACTS FOR MANY NEW HOUSES TO BE LET.

The officers of the Maysville Development Company Monday evening opened sealed bids for the erection of from ten to thirty new houses on their property in the city's suburban territory. Announcement of the awarding of contract will be made within the next five days.

OUI, OUI, MONSIEUR PROVES DECIDEDLY BEST HOME TALENT

Elks' Annual Entertainment proves to be the Best Home Talent Show of the Year — Will Be Repeated Tonight.

Maysvillians have learned that anything theatrical which carries the name of Jean Jordan and his talented wife is certain to be a wonderful success and once again on Monday evening these popular producers added laurels to their crowns by presenting to a good audience at the Washington Theater the best home talent entertainment that has even been staged in Maysville.

"Oui, Oui, Monsieur" was the name of the show. It was a musical comedy of the professional sort with a strong plot running all through and with surprise upon surprise for the members of the audience.

So well were the parts taken by the sixty members of the cast that one could hardly single out any small number as making decided hits. Miss Louise Hunsicker, Miss Bona Fitzgerald and Messrs. William Smith, Jr., and Duane Rogers as the leading characters, were very clever. Much credit is due Miss Hunsicker, who displayed wonderful ability. Miss Catherine Smith, Stanley Jacobs, William Gehl, John Dudley Keith and Robert Hoeft also deserve special mention.

The special misadventure act by members of the local lodge of Elks went big as did also Mr. and Mrs. Jordan's sketch "The Traitor." Mr. Jordan has figured out a system to keep the members of the audience in their seats until the final drop of the curtain which works to perfection.

Those in the cast other than the ones mentioned above follow: Margaret Tolle, Norma Flowers, Irene Glicker, Marion Daly, Georgia Hornback, Alice Taylor Knight, Minnie Miller, Ruth Scarborough, Alene Berry Davidson, Margaret Walker, Lillian Antle, Elizabeth Walsh, Fanny Thomas, Georgia Chambers, Jennie Rhythe, Frances Thomas, Lee Dryden, Wilton Russell, Samuel Harover, Joseph Edward Matthews, Graham Moses, Orville Rains, Mitchell Matthews, Robert Power, Robert Clift, Quinn Martin, Manford Tolle, Clarence O'Keefe, Bernard Hunsley, Clyde Holcomb, Joseph Wadsworth, William Weis, Robert Buckley, Leon Squires, and Dr. J. A. Dodson.

KENTUCKY WOMEN WILL VOTE FOR PRESIDENT

Measure Granting Presidential Suffrage to Kentucky Passes Senate Overwhelmingly.

Frankfort, Ky., March 16. — Kentucky women will vote in the selection of the next President of the United States.

By the overwhelming vote of 30 to 3 the Kentucky Senate Monday afternoon passed the Brook-Lazarus Bill extending full suffrage to women on the same equality which the nation's chief executive is chosen. The House has already passed the bill, and Governor Morrow will affix the executive signature that rounds out its enactment into law.

It took just four minutes, including the roll call, to pass the bill through the Senate. No debate was engaged in and not a voice was raised against the bill save for the three laconic "Nes" that stood out among the "ayes" when the count was taken. Senator Brock, author of the bill was the one speaker on the bill.

"The Legislature has the right to grant equal suffrage, so far as presidential elections are concerned," he said, "and we should exercise that right."

"It now seems certain that this vote will be granted by the Federal amendment. Ratification by two more states will end the suspense. But Kentucky should not wait for the action of those other states. I think we ought to pass this bill."

REAL ESTATE RUSH IS NOW THOUGHT OVER.

The rush in the sale of city real estate and farm land is now thought to be over by local real estate dealers. County Clerk Owens has enough work ahead of him to keep him busy for several weeks recording new deeds that have been filed with him. More deeds have been filed in the local Clerk's office this Spring than ever before in many years.

CITY WILL SELL ITS VACANT LOTS.

The special committee of Council appointed some time ago to dispose of the vacant property owned by the city in various parts of the city, is now making arrangements to offer this property for sale at public auction on next Saturday. Many of these lots owned by the city are very valuable and it is expected there will be much interest taken in the sale.

BOYS BAND TO HAVE WHITE SUITS FOR SUMMER

Steamer Homer Smith May Run Excursions Here in April for Benefit of Land's New Summer Salt Pond.

Manager J. Barbour Russell, of the Maysville Boys' Band, is now in communication with Captain Homer Smith, owner of the Ohio River excursion steamer of the same name in regard to a series of early Spring river excursions for the benefit of the Boys' Band.

The management of the excursion steamer recently wrote to Manager Russell in regard to the matter and as the managing committee of the band is very anxious for the band boys to have light weight white summer suits for their summer engagements, it has been decided that the excursion proposition will be accepted if the band can be given the proper percentage of the profits of the trip.

Manager Russell and the other members of the band managing committee are very anxious for the band to have their white suits for use in their tour of the large cities in Ohio this summer and it is more than likely that the Homer Smith will open the Ohio River excursion season for this district out of Maysville sometime about the middle of April.

COMPROMISE REPORTS BRANDED AS UNTRUE

Both Facions in Germany Say Reports of Get-together are Mere "Inventions."

Frankfort, March 16. — Denial that the new and old German governments have opened compromise negotiations was received from both facions by the Frankfort Zeitung today.

A dispatch from Stuttgart said it was stated officially that reports of negotiations for a compromise with the Kapp government were "fakes."

Simultaneously the newspaper received a dispatch from Berlin saying it was announced authoritatively that any statements regarding a compromise between Kapp and Bauer were "pure inventions."

Paris, March 16. — The Workers' Federation in Stuttgart has demanded a soviet dictatorship and will submit the plan to a vote of workers today, a Berlin dispatch asserts.

Serious disorders have occurred in large cities throughout Saxony, the dispatch says. Fighting was reported in Dresden.

The situation in Germany still was obscure today.

A Berlin dispatch saying a compromise agreement had been reached between President Friedrich Ebert and revolutionists in control of the capital was contradicted by a Zurich dispatch, which asserted Ebert had repudiated the Berlin negotiations.

ORGAN CONCERT WEDNESDAY.

The Washington Opera House's new organ orchestra will be introduced to the public on Wednesday afternoon and evening when a special concert on the new instrument will be given along with the regular picture program.

MANY ATTEND FUNERAL.

The funeral of Mr. Anthony F. Diener held this morning at St. Patrick's church was largely attended by friends of the merchant. Burial was made in the Catholic cemetery at Washington.

Mrs. Amanda Bridges, one of the city's oldest citizens, now past 90 years is very ill at her home in West Second street.

"Squire Fred Dressel is acting County Judge today in the absence from the county of Judge H. P. Purnell.

ARRANGEMENTS FOR BIGGEST YEAR AT OLD RUGGLES CAMP

Board of Directors of the Ruggles Campmeeting Association Held Annual Meeting Here Today — Awarding Contracts.

The annual meeting of the Board of Directors of the Ruggles Campmeeting Association was held at the Third Street M. E. Church this morning when business of much importance was transacted. Those present were President John R. Hrodt, Treasurer J. H. Richardson, District Superintendents J. M. Lital, of Covington, and W. H. Davenport, of Ashland, Rev. Charles Mitchell and A. W. Insko, of Tolesboro, J. R. Hinton, of Epworth and Rev. W. H. Morris, of this city.

After talking over plans for the 1920 campmeeting the association awarded the hotel contract for the year to W. H. Hamrick, and the confectionary to R. M. Harrison & Son, Tolesboro.

The dates for this year's meeting were set at July 29th to August 8th, which is just about five days later than last year's dates.

The District Superintendents were authorized to employ the best evangelist obtainable for the series of meetings during the campmeeting and T. B. Ashley, who made such a success of the music last year was again employed to lead the music this season. Miss Virginia Hurd, of this city, who has endeared herself to the children at the campmeeting during the past two years, will again have charge of the children's meetings this year.

LOCAL MAN MAKING GOOD AS C. OF C. SECRETARY.

Professor H. C. Barnes, former principal of the Forest Avenue School, is now making good as Secretary of the Chamber of Commerce of Quitman, Georgia. On Monday of this week, Mr. Barnes raised \$50,000, in thirty minutes for the erection of a sanatorium in Quitman. He is also behind a big housing movement in that city. His many local friends will be very glad to learn of his success.

PART OF RECRUITING PARTY TO REMAIN HERE.

Sergeant Gee and Private Wise, members of the 83rd Field Artillery recruiting party here last week, arrived here today from Mt. Olive where they had been for several days. These two members of the recruiting party will remain in Maysville for several days.

COLD WEATHER WILL STOP RISING RIVER--DEVEREAUX

Ohio River Rising at Rate of Nearly One Foot an Hour Here this Afternoon.

Although the Ohio River has been rising at a very rapid rate here today and the torrents of rain, which are said to extend as far up-stream as Wheeling are very discouraging, District Weather Forecaster Devereaux at Cincinnati this morning said that there would be no danger of a serious flood at this time in the Ohio Valley and that the river would reach its crest in this district by Wednesday.

At 2 o'clock this afternoon the government gauge at the local wharf registered 43.2 feet and Wharfmaster Willett said that the river had been rising nearly a foot an hour since about 10 o'clock this morning. District Weather Forecaster Devereaux says the crest of the rise at Cincinnati will be about 46 feet but local rivermen think that under present conditions a stage of 50 feet at least will be reached here. This is considered the danger line in Maysville and after the river passes the 50 foot stage damage is done.

Mr. Devereaux says that the weather will be near the freezing point this evening and this is expected to check the present rain and stop the danger of a big river.

CITIES, COUNTIES MAY BE ALLOWED TO TAX TOBACCO.

The Lexington committee which went to Frankfort Monday morning to lodge a protest against the Williamson bill, as reported in other columns of this issue of The Leader, returned this afternoon after a conference with Governor Morrow and Attorney General Charles I. Dawson and stated that, as a result of the protest of the cities and counties interested in the proposed modification of the state tax on tobacco, it is now probable that the pending bill will be changed to permit cities and counties to levy a tax of not exceeding ten cents on the \$100 on tobacco in storage, the state fixing maximum at forty or fifty cents.

REVIVAL BEGINS SUNDAY.

A series of revival meetings will begin at the Forest Avenue M. E. Church on next Sunday. The pastor, Rev. W. H. Morris, will be assisted by Rev. N. H. Young, of Nicholasville, a very prominent Methodist evangelist.

ACTOR-COP.

Besides being a first class copper, Patty Ryan has made a record for himself as an A-1 actor, making his debut in "Oui, Oui, Monsieur" Monday evening.

TWILIGHT BABY IS BORN IN BRASS HORN AND IS BOOTLEGGER

Greatest Laugh Producing Comedy of the Age For School Benefit Next Monday.

What is declared to be probably the most unusual comedy ever screened is "A Twilight Baby," produced by Henry Lehrman, and which will be seen at the Washington Theater on next Monday for the benefit of the First District Penny Lunch.

Departing from the routine motion picture comedy, this picture has been honored with a plot which serves to make the incident more ludicrous due to the fact that the events are plausible.

The twilight baby, as it was christened by Henry Lehrman, is born of an intoxicated musician and the twilight. The musician is a bass horn player and as he gently croons into the instrument a bouncing baby boy is born.

The character development of the baby is a matter of slow process. It is allowed to enjoy no nourishing baby foods, no rattles, no other infantile appliances.

Grown into manhood we find the twilight child afflicted with a sweet-tooth and a sentence in the penitentiary. Heredity has again proven itself an influence on the child. The youth is in the penitentiary under a long term contract for indulging in the practice of "bootlegging."

Finally, after many bitter tears, blighted visions, dreams of what might have been, and an attempt to escape by killing two guards, the twilight child is released from confinement only to wander back to his native haunt where the "wild thirst" again calls out to him in its woe, but dominant voice.

The child of the twilight and rye becomes a recruiter of the tight-riders, an order organized in an effort to uplift the standard of beverage above the 2.75 mark.

Meanwhile a rival bootlegger has rarely courted the twilight kid's sweetheart and a scuffle ensues.

LANDLADY SUES TENANT FOR DAMAGE DONE.

Lottie P. Owens brought suit here this afternoon against Milton Purcell a tenant on her farm, charging breach of contract and asking judgment for damages in the sum of \$175. She charges that Purcell agreed to shuck and crib the corn on her farm and that he had failed to shuck and crib 175 shocks damaging her to the extent of \$175.

Clarence Matthews... Editor and Mgr. INJURED BOY CARRIES EAR IN HIS POCKET.

New Orleans. — Dr. Jerome Landry, house surgeon, Charity hospital, unwrapped from a piece of newspaper the right ear of Sidney Whiteside, 16 years old, 1036 Lafayette avenue, Gretna, and within a few minutes had sewed the ear back onto the boy's head. The boy showed no bad effects from the operation, and Dr. Landry expected the grafting of the ear to be a success.

Sidney was struck by an automobile while taking a ride on the side of a street car in Gretna, the police say. The ear was torn from his head. Visions of a disfigured cranium danced before Sidney as he lay on the operating table in the Charity hospital, awaiting the arrival of Dr. Landry.

Dr. Landry expressed pity that the ear had not been brought along by the patient, for, as he said, there was a chance to sew the torn member back. Sidney told the doctor to reach into his coat pocket, where the ear was safely tucked in a piece of newspaper.

Replacing the ear of Whiteside is the first case of its kind that can be remembered by hospital attaches. Recently, a patient with his ear partly torn off applied for treatment. The ear was sewed back on but the patient left the hospital and physicians are unable to state whether the operation proved successful. Every indication points to a successful operation in the Whiteside case.

TRAGEDIAN WEARS MOST COSTLY SHIRTS IN WORLD.

Paris. — The arrest of a hotel thief at Nice reveals the fact that the tragedian, De Marx, at one time reported secretary married to Mrs. Amy Crocker-Gouraud of New York, wears the most expensive shirt in the world.

Several maroon colored shirts of the purest silk were found among the booty of the thief, who said he was getting for a man who coveted these particular designs and was unable to obtain similar goods in a legitimate way. The shirts are valued at \$150 each, being rivaled in price only by the "cobweb lace" pajamas introduced this week by Maurice Rostand, son of the poet.

Young Rostand astonished the fashionable set by giving a pajama ball at which he appeared in a magnificent black lace suit made of old point valued at \$5,000.

WEAR COATS IN VIRGIN ISLANDS AT 100 IN SHADE.

St. Thomas, Virgin Islands. — United States marines, garrisoning these new possessions of Uncle Sam, cannot understand the fashions affected by the natives. Why a negro or Cha-Cha Indian should wear an overcoat when the thermometer stands at 100 in the shade mystifies them.

For some strange reason the native Virgin Islander believes in wearing every article of clothing he can lay hands on. All American holidays are now celebrated by the natives, who spend the day parading about the streets, some of them wearing overcoats, capes, two or more pairs of trousers, and a red bandana handkerchief about the neck. Also they frequently adorn themselves with the horns of cows or oxen attached to the head just in front of the ears.

McCall of Massachusetts. The picture of the memorial building shows the great structure in its present stage of construction.

SUBURB IS SHOT UP.

Lost, strayed or stolen: One wild policeman in citizen's clothes who ran amuck on Center street Clifton, calling halt to an old woman who was going to work at an early hour Saturday morning, who awakened the neighborhood by her screams. The policeman in his wild dash fired four shots in some direction, broke into a dwelling house in search of an imaginary bandit in woman's clothes. After searching the house, fired several more shots and then left the peaceful suburb for his beat in the Fifth ward. The citizens of Clifton would like it known that they are a law-abiding people and are not used to such scenes as described above, caused by a young policeman, who is trying to make himself famous at an old woman's expense.

LOSES LOVE FOR SPATS WHEN HE FACES COURT.

New York. — "Why don't you go to work? Are you afraid of spilling your spats?" demanded Magistrate Sweetzer in the Morrisania police court of Joseph Donath, 18, whose mother had bailed him to court on a charge of idleness, spending his time in poolrooms and abusing her. Joseph, who was arrayed like Solomon in all his glory, said he couldn't get more than \$15 a week, and he could not live on that. The judge sniffed his scorn. Then he offered Joseph a choice between shoveling snow for the city, spats or no spats, or being sent to work for the city "where you don't get paid \$5 a day." Joseph asked to be led to the snow.

—Curpers, blackmailers, thieves are being placarded and in chains through the streets and market places of Bulgarian cities, according to advices received here. This public exposure, which recalls the medieval pillory, is said to be producing good results.

LABOR PARTY PASSES
SOCIAL HYGIENE PLANK.

A social morality plank was enacted into the declaration of principles of the National Labor Party of the United States, at its first national convention held in Chicago last September. The convention consisting of 1200 delegates from 37 states, representing over 40 distinct craft organizations, endorsed the following principle:

"In all national and state legislation affecting divorce and the sexual relation, and in the enforcement of such legislation, the single standard of morals should be firmly adhered to and the age of consent for both sexes should be fixed at not less than 18 years."

This is the first time that a nationally organized political party in the United States has taken cognizance in its platform of the problems of sex hygiene. — (Clipped from Social Hygiene Bulletin.)

IN THE DAY'S NEWS.

Herbert Quick, who has been selected to go to Siberia to wind up the affairs of the American Red Cross in that country, was the first director of the Farm Loan Board of the United States. He first became known to the public as a journalist, especially as a writer in the American agricultural papers. A farmer, teacher, lawyer, director of public utility companies, Mayor of Sioux City, and journalist, he has had a varied career, with especial opportunities to study the problems and learn the needs of the agricultural population. He has traveled widely, has an extensive acquaintance, knows how to obtain results, and in the new task assigned him, will no doubt accomplish his mission successfully. Mr. Quick is now in his sixtieth year, having been born in 1861, in Grundy county, Iowa.

Attorney John P. McCartney, of Flemingsburg, is in Maysville today on legal business.

CONVINCING TESTIMONY

Given By Many Maysville People.

Experiences told by Maysville people—
Those who have had weak kidneys—
Who used Doan's Kidney Pills—
Who found the remedy effective—
Such statements prove merit.
You might doubt an utter stranger.
You must believe Maysville people.
Here's Maysville proof. Verify it.
Read. Investigate. Be convinced.
You'll find why Maysville folks believe in Doan's.

A Sorries, Isack & gunsmith, W. Second and Wm. Sts., Maysville, says: "The action of my kidneys was irregular and the kidney secretions contained sediment. I had backaches and when I stooped over, I had trouble in straightening up. Colds settled in my back and kidneys, too. Doan's Kidney Pills stopped the trouble and my back and kidneys became as strong and well as ever."

A LASTING EFFECT
Nearly five years later, Mr. Sorries said: "I am the same strong believer in Doan's Kidney Pills today as when I gave my former endorsement. I haven't had any trouble with my kidneys since and I believe the cure they gave me is permanent."
Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Sorries had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

TURK CLAIMS GIRL

HOUGHT FOR \$2,000.

New York. — The Supreme court of New York may be asked to determine whether Rebecca Ellenbogen, a 21 year old Roumanian girl purchased in Turkey at the age of 16 for \$2,000 and brought to this country, still "belongs" to Alexander Alhaddoff, a Turk. He was brought before a magistrate's court on a summons obtained by the girl, who said he had annoyed her.

She told the court that she was "sold" to Alhaddoff with some kind of ceremony, but she was unable to state whether it was a legal marriage ceremony. Alhaddoff brought her to the United States during the war, but recently they quarreled and separated.

EATING PLENTY BUT STARVING THE BLOOD

You Ought To Feel All Right But
Somehow Don't.

MORE RED BLOOD
CELLS ARE NEEDED

Pepto-Mangan Enriches the Blood and
Supplies the Necessary Red-
Blood Cells.

When you know you are not sick,
but don't feel well—when you get tired
more easily than people your age
should—when you can't get up the en-
ergy you would enjoy doing, build up
your red blood cells with Gude's Pepto-
Mangan.

If your blood is weak you cannot be
vigorous in body or cheerful in mind.
Pepto-Mangan contains the elements
that make rich, healthy blood. And as
a result of the increased supply of red
blood that Pepto-Mangan creates, the
entire system attains the vigor that be-
longs to every man and woman.

Results from taking Pepto-Mangan
show promptly. You feel benefited
after a few days and much stronger in
a few weeks. If you do not, consult a
physician. You may have some de-
pressed illness for which a blood tonic
such as Pepto-Mangan is not sufficient.

Pepto-Mangan is prepared in two
forms, liquid and tablets. They are
exactly alike in medicinal value.
Ask your druggist for "Gude's"
when ordering Pepto-Mangan. Look
for the name "Gude's" on the package.

GOVERNOR MORROW TALKS ON GAS MATTERS

Wants Railroad Commission To Con-
trol Rates on Gas, Governor
Morrow Says.

Frankfort, Ky., March 16.—The state
administration and a powerful lobby
are expected to come to grips in the
Senate over the House bill extending
the jurisdiction of the State Railroad
Commission over rails and service to
include telegraph, telephone, steam-
heat and natural gas lines.

Governor Morrow is insisting that
the bill pass. He said there are many
counties in Kentucky that have no
telegraph service, "where service is
withheld on mere whims. This is so
both in Eastern and Western Ken-
tucky."

"Over in Eastern Kentucky," he said,
"natural gas companies pipe the gas
out of Kentucky into West Virginia,
where the state fixes the rate, and
they charge 25 cents for the gas. From
the same wells the companies charge
Catolettsburg 35 cents. Franchises have
expired in some of the cities. They are
at the mercy of the companies, which
threaten to cut off the gas supply if
the city attempts to regulate them."

"This bill would put the authority in
the hands of the Railroad Commission,
subject to the right of the municipali-
ties to contract with the companies, by
franchise, in which event the com-
mission's authority ceases as to that
particular municipality."

"It isn't right," the Governor thinks,
"for Kentucky gas to be sold cheaper
under state regulations at Huntington,
West Virginia, than it is at Cat-
letsburg, Ky., four miles from Hun-
tington."
